To recognize significant accomplishments and innovation in achieving and sustaining diversity and inclusion efforts within the College of Veterinary Medicine’s personnel, policies, programs, environment, climate, and constituencies.

This award is dedicated to those who are committed to developing the capacity of the college to celebrate, support and realize the value of diversity and inclusion in our community and among our partners.

The college defines diversity as human difference that impacts how we interact with one another, communities, institutions and ourselves. Diversity matters as we strive to develop and respect human potential, create a supportive, nurturing climate, and acknowledge legal and moral responsibilities to historical inequalities.

A stipend of $1,000 each for faculty, staff, and student and a commemorative plaque each. Nomination materials are reviewed by the CVM Diversity Committee and include:

Individual or group nominated (name, and contact information)
